Thank you to our distinguished volunteers who serve on the American Cancer Society Indy Golf Classic Executive Committee. Their dedication and tireless work is instrumental in ensuring the tournament's continued success.

AMERICAN CANCER SOCIETY

EXECUTIVE DIRECTOR WELCOME

Dear friends,

I am pleased to welcome you to the 2nd annual Indy Golf Classic presented by SBC Wealth Management. This event brings our donors and corporate partners together under a single cause: to save lives by attacking cancer from every angle.

For more than 100 years, the American Cancer Society has been leading the fight to end cancer. Through the generosity of millions, we have helped usher in an era where more people survive cancer than ever before. There are more than 16.9 million cancer survivors alive in the U.S. today. Yet, to end this disease we know there is more work to be done.

We owe it to all those who came before, and to those currently affected by cancer, to never give up on our mission. Today, the Indy Golf Classic reminds us that through determination, passion and perseverance, we can meet the challenges ahead and provide hope to all for a cancer-free world.

Thank you for your support in the fight against cancer. We look forward to seeing you next year!

Yours in the fight,
Brad

ABOUT THE AMERICAN CANCER SOCIETY

The American Cancer Society's mission is to save lives, celebrate lives, and lead the fight for a world without cancer.

*Our mission delivery efforts are focused on the critical areas of **research, education, advocacy, and service.** These four areas serve as our messaging pillars, the foundation of how we speak to what we do, so we can make our biggest impact on cancer yet.*

RESEARCH

We launch innovative, high-impact research to find more - and better - treatments, uncover factors that may cause cancer, and improve the quality of life for people facing cancer. In Indiana alone, more than \$9 million is invested in cancer research programs at Indiana University, Purdue University, and Notre Dame.

EDUCATION

We provide the latest, evidence based cancer information, share how making healthy lifestyle choices can help reduce cancer risk, and develop screening guidelines that can help detect certain cancers early. A few examples from 2021 include: breast cancer education and increased screening programs for African American women in Marion County; championing Colorectal screening education in targeted rural communities; and working to increase HPV vaccination rates in Dubois County.

ADVOCACY

We fight cancer in city hall, the statehouse, and in Congress to demand change from our elected officials to build healthier communities, create safer workplaces, and provide greater, more equitable access to quality medical care.

SERVICE

We help people find answers and resources. A few examples from 2021 include: provided community grants for 11,545 rides to and from treatment for Hoosier cancer patients; provided lodging grants for Indiana patients undergoing cancer treatment; and assisted 1,140 monthly visitors to the survivors network.

THANK YOU!

The American Cancer Society is on a mission to free the world from cancer.

For more than 100 years, we have helped lead an evolution in the way the world prevents, detects, treats, and thinks about cancer. As the nation's preeminent cancer-fighting organization, we fund and conduct research, share expert information, support people with cancer, spread the word about prevention, and through our advocacy affiliate, the American Cancer Society Cancer Action Network (ACS CAN), advocate for public policy change.

We are committed to ensuring that ALL people have a fair and just opportunity to prevent, find, treat, and survive cancer – regardless of income, race and ethnicity, sexual orientation, gender identity, disability status, or where they live. Thanks in large part to our decades of work, a cancer diagnosis does not come without hope, and the cancer journey is not one that is traveled alone.
